

Associate of Applied Science Business

Specialization: Project Management

In today's hectic business environment, organizations are looking for project managers to increase productivity, improve profitability, enhance quality, beat the competition, or just simply lead the rest of the organization into the future of tomorrow!

At Mesa Community College (MCC), our **Associate of Applied Science** degree in Business with a specialization in **Project Management** is designed to give you the competency, tools, and capabilities necessary to successfully meet the demanding role required of today's project managers and tomorrow's leaders.

Why a Certificate of Completion?

Our project management certificate provides:

- A PMI Registered Education Program
- Preparation for the PMP certification exam
- PDU's on specialized PMBOK topics
- A cost effective education opportunity

Why Our Associate Degree?

Our Associate of Applied Science degree provides:

- A competency-based education
- Nationally recognized achievement outcomes
- Day, evening, and online course availability
- Students who successfully complete this AAS occupational degree are eligible for admission to the BAS occupational program at any of the participating Arizona public universities.
- Ready to start? Turn this card over for detailed course scheduling information.

Why Mesa Community College?

- As the largest member of the ten-college Maricopa County Community College District, MCC is noted for a 40-year history of delivering competency-based education with nationally recognized achievement and outcomes.
- Our Business Department delivers Associate Degrees and Certificates of Completion in more than 22 specialized academic disciplines. Our students can choose from degrees or certificates specializing in management, marketing, project management, small business management, international business, e-commerce, web technology, web design, computer information systems, or administrative office career areas.
- Our instructors are proven certified professionals with substantive real-world project experience.
- MCC works closely with our business and industry partners to design specific educational programs that upgrade employee skills and support those who are re-entering the workforce or changing careers.
