

Associate of Applied Science Organizational Management

Emphasis: Judicial Court Management

Today more than ever before, courts are being held accountable for their operations and performance. The need for court employees with knowledge, skills, and abilities to assist in meeting these goals and objectives is increasing. Do you have what it takes to manage court operations?

At Mesa Community College (MCC), our **Associate of Applied Science** degree in Organizational Management with an emphasis in **Judicial Court Management** is designed to give you the competency, tools, and capabilities necessary to successfully meet the need for leadership in today's complex judicial system!

Why Our Associate Degree?

- Few fields can match the range of importance and fulfillment opportunity potential found in managing the judicial court room process.
- You'll learn how to work with others, communicate effectively, and develop traits such as initiative and a desire to attain goals, two of the qualities that are valuable requirements in today's court rooms.
- You will acquire the ability to solve complex problems, conduct thorough investigations, and a keen understanding of the endless challenge and opportunities for security management that are required to be successful in judicial process needs.
- Day, evening, and online course offerings available.
- Enhances your transfer capability to Arizona State University, University of Arizona, and Northern Arizona University.
- Ready to get started? **Turn this card over** for detailed course scheduling information.

Why Mesa Community College?

- As the largest member of the ten-college Maricopa County Community College District, MCC is noted for a 40-year history of delivering competency-based education with nationally recognized achievement outcomes.
- Our Business Department delivers eight different Associate Degrees and Certificates of Completion in more than 22 specialized academic disciplines. Our students can choose from degrees or certificates specializing in management, marketing, project management, small business management, international business, e-commerce, web technology, web design, computer information systems, organizational management, or administrative office career areas.
- Our instructors are proven certified professionals with substantive real-world experience.
- A cost effective education opportunity when compared to the public / private university alternatives.
- MCC works closely with our business and industry partners to design specific educational programs that upgrade employee skills and support those who are re-entering the workforce or changing careers.
