

Associate in Transfer Partnership

Major: Accountancy

The accounting profession offers today's business students a dynamic environment and diverse career opportunities in the private sector and in government agencies worldwide. The job market for accounting graduates has never been better, and the U.S. Bureau of Labor Statistics projects that the employment of accountants will continue to grow by 10 to 20 percent annually.

At Mesa Community College (MCC), our **Associate Transfer Partnership** degree with a major in **Accountancy** is specifically designed to give you the competency, tools, and capabilities necessary to successfully transfer to ASU's W.P. Cary program and contribute in today's dynamically changing business accounting environment!

Why Our Associate Degree?

- Few fields can match the range of diversity and opportunity potential found in the accounting profession.
- You'll learn how to work with others, communicate effectively, and develop traits such as initiative and a desire to attain goals, two of the qualities that are valuable requirements in today's challenging accounting careers.
- You will acquire the ability to solve complex problems using creativity, quantitative analysis, and a keen understanding of endless challenge and opportunities for learning required to be successful in business
- Day, evening, and online course offerings available
- Designed to facilitate your transfer capability to Arizona State University.
- Ready to get started? **Turn this card over** for detailed course scheduling information.

Why Mesa Community College?

- As the largest member of the ten-college Maricopa County Community College District, MCC is noted for a 40-year history of delivering competency-based education with nationally recognized achievement outcomes.
- Our Business Department delivers Associate Degrees and Certificates of Completion in more than 22 specialized academic disciplines. Our students can choose from degrees or certificates specializing in management, marketing, project management, small business management, international business, e-commerce, web technology, web design, computer information systems, or administrative office career areas.
- Our instructors are proven certified professionals with substantive real-world experience.
- A cost effective education opportunity when compared to the public / private university alternatives
- MCC works closely with our business and industry partners to design specific educational programs that upgrade employee skills and support those who are re-entering the workforce or changing careers.
